

Cystic Fibrosis Foundation' s Tower Climb
Since some asked, here is the walker/non competitive group times

Only those that turned in cards at the top of the tower are listed. Also, if you went by the clock time at the top and didn't subtract the difference between the actual clock start time of the runners then these numbers are off by about 10 min , it was not reset at the 8:30 start time since the walkers were not going to be actually timed
